

Genessa (Gefitinib) 250mg | Novugen Oncology's FIRST Batch of Delivery on 24th of August 2023

24th of August 2023, marked the **first batch of delivery for Novugen's Genessa (Gefitinib) 250mg, from our Novugen Oncology manufacturing facility.** This batch of delivery was sent to Zuellig Pharma, our exclusive distribution partner in Malaysia, who is also Asia's leading healthcare services provider.

We also had the chance to organise a small gathering to celebrate this momentous day which marked the beginning of many more significant events for Novugen in the future. To date, 2 batches of Genessa (Gefitinib) 250mg were produced ~ 937 boxes.
