

Novugen Honoured with Pharma Industry Award 2024 at MOPI Regulatory Plus Conference & Dinner

Novugen is deeply humbled and honoured to receive the Pharma Industry Awards 2024 for the Highest R&D Investment 2023 at the MOPI Regulatory Plus Conference & Dinner 2024!

This prestigious accolade, presented by Pn. Norhaliza binti A Halim, Deputy Director General of Health (Pharmaceutical Services), Ministry of Health, Malaysia (KKM) (MOH) alongside Ch'ng Kien Peng, President of MOPI, recognises our R&D innovations that will make a significant contribution to the Malaysian pharmaceutical industry.

We are excited to be a Silver Sponsor of this dynamic event, which served as a platform to unite Malaysia's pharmaceutical leaders in discussing the evolving regulatory landscape and strategic industry policies. Among the distinguished guests were YBhg Dato' Sri Norazman Ayob, Deputy Secretary-General (Finance), MOH who officiated the event and graced his presence at our booth, where we proudly showcased our leading products and services.

During the conference, Novugen CEO Rahil Mahmood had the privilege of being one of the panelists for the forum titled "Advancing the Local Pharmaceutical Industry through

Compliance Excellence." He shared insights about Novugen, notably highlighting our USFDA-approved manufacturing facilities. He also addressed the challenges and opportunities of entering the U.S. market, which garnered significant interest from the audience eager to learn more about our journey.

The event provided an excellent opportunity for Novugen to highlight the milestones and successes we have achieved. It underscored our commitment to innovations that aim to improve patients' lives today and in the future, while also advancing Malaysia's pharmaceutical capabilities on a global scale. This achievement would not have been possible without the relentless support and unwavering dedication of our Novugen team. Thank you!
